

**nomi**  
NETWORK

**Nomi Network** was established in 2009 to provide economic opportunities for women who are survivors or at risk of human trafficking.

In addition to gaining stable jobs and income, Nomi trainees learn how to read and write, open their first savings accounts, and become part of a supportive community. Our holistic approach creates change at every stage of their development.

**Human trafficking** is the illicit trade of humans for the purpose of commercial sexual exploitation or forced labor. It is a *150 billion dollar* industry that exists in every country and enslaves *32 million people*.
